

KEMSOL

ROOM FRESH

FLORAL DEODORISER

ROOM FRESH has a two-stage action to odour control. It has an odour neutraliser which attacks odour molecules and neutralises them and also contains a light fragrance which leaves a lingering floral scent. It is ideal for controlling a wide range of malodours including decaying garbage, cooking odours, smoke, animal odours, body odours and for use in bathroom/toilet areas. **ROOM FRESH** will work immediately to remove odours. Meets or exceeds EU biodegradability standards and meets Kemsol Green environmental standards.

Main Features & Benefits:

- Quick-Action
- Works on a wide range of odours
- No dilution needed
- Light fragrance
- Economical
- Bio-degradable
- Non-flammable

DIRECTIONS:

ROOM FRESH is ready-to-use and should be atomised using a hand spray system. Atomise into the air in rooms containing odours or directly at the odour source.
